

Middlemarch - Classic Illustrated Edition

* Beautifully illustrated with sketches from early editions and a number of atmospheric images, Middlemarch was an overnight bestseller upon first publication and remains hugely popular today as one of the great works of English literature. * Eliot's epic novel traces the daily lives of the colourful inhabitants of a fictitious West Midlands village called Middlemarch and deals with a variety of themes that include women's rights, religion, and education. Despite being written well over a century ago, the novel is just as compelling today as it was all those years ago. * This meticulous digital edition from Heritage Illustrated Publishing is a faithful reproduction of the original text.
