

Sams Chance

Sams Chance is a sequel to the Young Outlaw, and is designed to illustrate the gradual steps by which that young man was induced to give up his bad habits, and deserve that prosperity which he finally attains. The writer confesses to have experienced some embarrassment in writing this story. The story writer always has at command expedients by which the frowns of fortune may be turned into sunshine, and this without violating probability, or, at any rate, possibility; for the careers of many of our most eminent and successful men attest that truth is often-times stranger than fiction. But to cure a boy of radical faults is almost as difficult in fiction as in real life. Whether the influences which led to Sams reformation were adequate to that result, must be decided by the critical reader. The author may, at any rate, venture to congratulate Sams friends that he is now more worthy of their interest and regard than in the years when he was known as the Young Outlaw.

Book from Project Gutenberg: Sams Chance And How He Improved It Library of Congress Classification: PZ.1917 printing (Bennett p. 188). Small chips from corners of rear wrapper, small surface tear and a couple spots on front wrapper.
