

## The Call of the Wild (Annotated)

First published in 1903, *The Call of the Wild* is regarded as Jack London's masterpiece. Based on London's experiences as a gold prospector in the Canadian wilderness and his ideas about nature and the struggle for existence, *The Call of the Wild* is a tale about unbreakable spirit and the fight for survival in the frozen Alaskan Klondike. Quotes from the book: He was mastered by the sheer surging of life, the tidal wave of being, the perfect joy of each separate muscle, joint, and sinew in that it was everything that was not death, that it was aglow and rampant, expressing itself in movement, flying exultantly under the stars. There is an ecstasy that marks the summit of life, and beyond which life cannot rise. And such is the paradox of living, this ecstasy comes when one is most alive, and it comes as a complete forgetfulness that one is alive. But especially he loved to run in the dim twilight of the summer midnights, listening to the subdued and sleepy murmurs of the forest, reading signs and sounds as a man may read a book, and seeking for the mysterious something that called -- called, waking or sleeping, at all times, for him to come. Readers reviews: Beautiful story of life and the roles we play as we go about our daily tasks until somewhere along the way, we realize that it has been an adventure, wild and wonderful and the survivors are the winners. (Edna Stepp, goodreads.com) I love love this book! Sure it was sad at parts but it was by FAR the best class novel we read. (Annie, goodreads.com) A real classic and a must read not only for any animal lover, but anyone who enjoys the classics and different perspectives on common beliefs. (Sarah, goodreads.com)
